TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Allenstown in the
County of Merrimack in said State, qualified to vote
in Town Affairs:*

[L. s.]

You are hereby notified to meet at the New Fire Station in said Allenstown on Tuesday, the eighth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing, and to choose a delegate to the Constitutional Convention.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear and act upon the report of the town budget committee.

4. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

5. To see if the town will vote to give a two per cent discount on all taxes paid on or before July 1.

6. To see if the town will vote to charge twenty cents on each poll tax not paid on or before the first of September in each year.

7. To see if the town will vote to confirm the action of the trustees of the trust fund to accept \$150.00 in trust and the interest to be expended on the Petit lot at the St. John the Baptist Old cemetery.

8. (By petition) To see if the town will vote to pay transportation of W. P. A. workers to the Bear Brook project.

9. (By petition) To see if the town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) to build a cement sidewalk on the north side of Cross Street starting from the corner of Main Street at Mr. Fowler's residence and to continue to the corner of High Street, Mr. Archie McDonnell's residence, and to continue on High Street till the money is exhausted.

10. (By petition) To see if the town will raise and appropriate one thousand dollars (\$1,000.00) to gravel and tar the River Road from S. Bosiak's house to Swan's store a distance of a quarter mile.

11. (By petition) To see if the town will raise and appropriate the sum of three hundred dollars (\$300.00) to repair the road lying on the northerly side of the Town Library to School Street.

12. (By petition) To see if the town will vote to raise and appropriate sufficient money to enlarge and lower the sewer on Valley Street so that it will take care of the surface water properly and also make it possible for George E. Cleveland to enter it from his dwelling.

13. (By petition) That all bills paid by said town to be itemized monthly, that is, that the names of all parties receiving money should be entered in the town report once a month and the warrant to be read at 12:00 noon.

14. To see if the town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) for the services of a probation officer.

15. (By petition) To see if the town will vote to consolidate Districts Number 1 and Number 2 of the highway maintenance districts of said town as now are into one district and elect one highway surveyor, or road agent, for the entire town.

16. To hear the reports of auditors, agents, committees or officers heretofore chosen and pass any vote relating thereto.

17. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and thirty-eight.

ALFRED P. GIRARD,
GEORGE LEVESQUE,
ERNEST A. RAYMOND,

Selectmen of Allentown.

ADONIA A. DOUILLETTE, R. N.

School Nurse.

DOMESTIC SCIENCE REPORT

To Mr. George H. Harmon, Superintendent of Schools:

Our class projects this year have been along the customary lines. The usual fall canning of vegetables and fruit, the making of jellies, marmalades, and pickles consumed most of the time allotted for the fall classes. The vegetables and fruit and part of the jellies and marmalades were kept for the hot lunches served during the winter. The rest were sold and the money used for class work. The vegetables and fruit were donated by pupils and friends.

During the cold weather lunches were served by the Domestic Science girls. The parents gave potatoes, cocoa, bread, dried peas, milk, and winter vegetables to help out on the food supply. This gave the girls cooking materials with which to work and to gain experience in the preparation of food without much expense.

At Christmas we had a sale of articles made in class. The proceeds of which helped to defray expenses for an educational trip taken to Concord.

Through the courtesy of Mr. Alfred Morency we were able to visit the Rumford Press. On this trip we also visited the N. H. Home Industries Association where the girls were much impressed with the originality of the products made by the men and women of New Hampshire out of New Hampshire raw materials.

We visited the historical building also, where we saw old fashioned clothing, dishes, different types of glassware including fine specimens of Suncook glass and articles belonging to George Washington and Franklin Pierce.

In the spring, in connection with the School Exhibition, was the annual Style Show. The costuming of the

play given by the two upper rooms was under the direction of the Domestic Science Class.

We were much pleased with the new electric range installed in our school kitchen and have made good use of it in learning how to manage the oven, thrift cooker, and surface units.

To the parents, friends, school board, and superintendent it is our desire to express our thanks for all the help given us to make this course of benefit and profit to the pupils.

EDNA P. BENWARE,
Teacher of Domestic Science.

February 18, 1938.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Allenstown :

There is presented herewith my fourth annual report. It deals chiefly with changes in the staff of teachers, age-grade enrollment, special activities, building and equipment.

Teacher Changes

You are particularly fortunate in the retention of your staff of full-time teachers. Mrs. Mary C. Chickering, who served efficiently as part-time teacher for over a year, requested release the first of December. Mrs. J. T. Copplestone, who is a graduate of New Hampshire University, was selected to continue this class room instruction in the upper grades on two half-days a week, while the regular teachers are engaged with classes in domestic science, manual training and physical education.

Age-Grade Enrollment

Following the withdrawal in September of nearly thirty tuition pupils to Hooksett, the total enrollment in the Allenstown Grammar School fell from 97 to approximately 70 children.

As a result of recent state legislation, pertaining to the transportation of pupils in grades above the eighth, a study has been made this year of under-age as well as of over-age children in the elementary grades. The following Table show that Allenstown is unique in the fact that there are no under-age children.

Number of Allenstown Children

Grade	Under-age	Normal-age	Over-age
1	0	9	2
2	0	4	2
3	0	4	2
4	0	6	2
5	0	5	4
6	0	1	6
7	0	7	5
8	0	2	5
<hr/>			
(Allenstown) Totals	0	38 (57.6%)	28 (42.4%)
(Union 53) Totals	22 (2.1%)	621 (60.4%)	385 (37.5%)

Over-ageness appears chiefly in the upper grades, and pre-dominates in the sixth and eighth grades. In several cases this is caused by the changing of schools and the absence of English as the spoken language in the home. Certainly it is not due to a lack of regular school attendance by the children, for all grades in Allenstown Grammar School have maintained a high standard in regular and prompt attendance.

Special Activities

I wish to commend to your attention the printed statistics, submitted by the School Nurse, and the report of the domestic science teacher.

The number of home visits made by the nurse and the increase over the previous year in the number of corrective treatments secured are a credit to the diligence of your nurse and the co-operation of the parents.

The resourcefulness and responsibility manifested by the pupils of the domestic science class equals that observed in any similar group of high school pupils.

The Americanization classes under Mr. Lucien Brunelle were continued until the end of April. Forty-three men and women were enrolled. Of the eighteen applicants, who took the citizenship examination before the Superior Court in Concord on April 7, sixteen passed their examinations.

The interest taken by the women in the adult classes, conducted by Miss Isabelle Barnett in sewing and weaving, again warranted their continuance without even a recess during the summer months. During the months of more severe weather the enrollment has fallen as low as twenty-eight, but the average attendance has continued good.

In the Union Spelling Contest in May, Allenstown was represented by the following team, Stella Gagne grade VIII, Helen Muller grade VI, and Richard Holmgren grade III.

In June a class of eight received diplomas from the eighth grade. Seven of these entered high school or academy in September.

Recent activities include a field trip to the Benson Animal Farm by the teacher and members of the first three grades. An interesting report, illustrated with free-hand cutouts and drawings, was made by the pupils. Copies of this are being prepared in mimeographed form for distribution to all primary schools in the Union.

A more recent trip was made by the teacher and pupils of the intermediate grades to Leavitt's Department Store in Manchester. The afternoon was spent under the instruction of a special guide furnished through the courtesy of the management.

This year your teachers joined with some thirty others from neighboring towns in a study of the standards used in marking and reporting pupil progress in both habits of social adjustment and school subjects. As a result a more intimate and specific type of report has been adopt-

ed in the first and second grades. This follows closely the form in use in the primary grades of Grosse Pointe, Michigan. Parents are asked not only to examine and sign these reports but also to indicate and return to the teacher their personal observations and suggestions. For grades three to eight a completely new form of report card has been prepared and adopted. The system of marking allows more emphasis to be placed upon the improvement in the individual's achievement than on a mere comparison of the individual with the achievement of the class. The use of such report cards anticipate that during the year at least one visit will be made by the teacher to each home represented in her school.

Building and Equipment

The janitor takes much interest and care in the cleaning and repairing of your building. He has completely refinished the desktops in upper grade rooms and has installed seventy square feet of "Sterling" blackboard at the front of the grammar schoolroom.

During the summer two floor urinals with automatic flush tank were placed in the boys' lavatory.

Through the Public Service Company of Manchester a "Hot-Point" electric range of recent model has been placed in the domestic science kitchen. The only expense to the district being the small cost of installation. This equipment is found to be much safer and more efficient than the kerosene range.

To assist your music teacher, Mrs. Gale, in the better development of music appreciation a portable Victrola, designed particularly for school use, was recently purchased. Her classes have also been supplied with the student notebooks of the NBC Music Appreciation Hour Publications.

The most recent additions to equipment are a new "Craftsman" 12-inch ball bearing band saw and a $\frac{1}{3}$ horse power "Companion" motor for the manual training shop.

Extreme difficulty is still found in properly heating in very cold weather the grammar school room on the second floor. It appears that the return system from the radiators is designed for operation with a high pressure steam boiler whereas this small four-room system is naturally equipped with a low pressure boiler. In the interest of fuel economy as well as for the comfort of the children the heating system should be corrected.

In Conclusion

It may be interesting to compare the average elementary costs per pupil for the past three years.

School Year	Per pupil average in Allentown	Per pupil median in the state
1934-35	\$117.78	\$ 76.93
1935-36	94.63	77.93
1936-37	74.37	77.16

The maximum high school tuition liability of any district has advanced only slightly during the same period. It is now \$76.63 per pupil.

Previous to this year the tuition rate at Pembroke Academy was lower than the state approved maximum. The improved facilities and additional courses now entitle the Academy to the maximum rate. This accounts for the increase in high school and academy tuition which is printed in the school board's estimated budget.

I wish to express the appreciation of superintendent and teachers to the School Board and other citizens for their generous and effective co-operation. I find your teachers efficient, and alert to professional growth in service. I am sure they deserve and retain the confidence of the community.

Respectfully,

GEORGE H. HARMON,

Superintendent.

February 22, 1938.
